

Lead the Way Workshop

***Fully Subsidised Course**

Mas National, in partnership with CSQ, invites you to a three-day workshop designed to empower women in construction to reach their leadership potential.

Developed by Allied Health practitioners, Lead the Way focuses on providing evidence-based interventions to empower women in leadership positions, helping them develop personal and professional strengths, foster a supportive community, and learn practical tools for managing stress and adversity.

Our experienced Mas Allied Health practitioners will guide you through key insights on what makes leaders effective and facilitate 4 individual coaching sessions to support you in achieving your goals.

100% subsidised by CSQ, there is no cost to participate in the training sessions or coaching.

Lead the Way Program includes three one-day workshops:

- ✓ Day 1 – Leadership, Self Awareness and Confidence for Women
- ✓ Day 2 – Influence & Resilience in Female Leadership
- ✓ Day 3 – Forging Futures for Women Leaders

When is it?

Workshops will be delivered across multiple locations in September, October and November.
