

Book an Electrical Safety Check – Social Media Templates

Upload and use these social media templates during Electrical Safety Week to encourage people who are now working from home, or home schooling their children – to book your company for an electrical safety check.

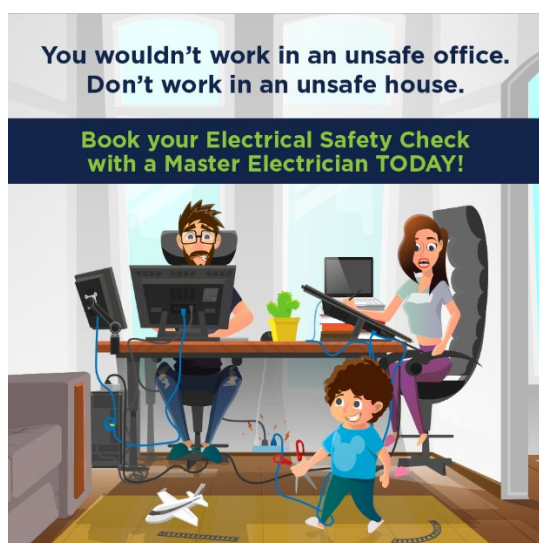

There are two sets of artwork:

- Working from Home
- Home Schooling

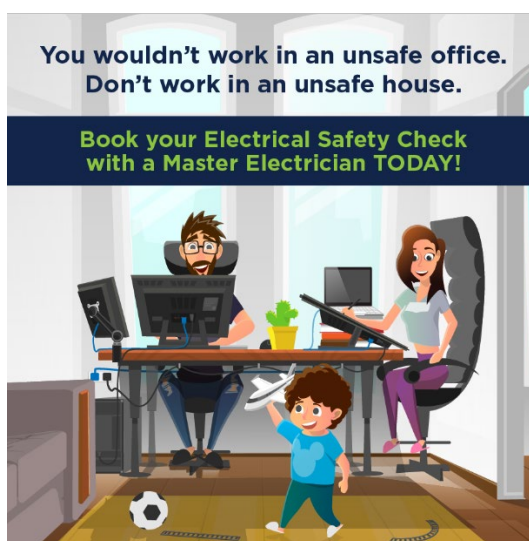

Each set has 2 different versions of the artwork showing the situation before an electrical safety check, and after.

Work from Home

Before:

After:

Home Schooling

Before

After

You can also download the [10 Point Electrical Safety Check](#) to give to your staff when doing the safety checks.
